Summary

Over 6 months in software development, including self-taught skills in JavaScript. Successfully progressed to the role of Team Lead, receiving two promotions in a year and a half at a company where I initially had no experience.

Proficient in various frameworks, programming languages, and tools, including HTML, CSS, JavaScript, React, Node.js, and MongoDB. Experienced in solving complex problems and paying exceptional attention to detail, with a demonstrated ability to learn quickly.

Led and mentored team members, providing guidance and support in achieving their professional goals. Strong passion for learning and sharing knowledge, driven by a belief that programming is my calling.
